EXTRAORDINARY MEASURE

The Ministry of Health, as the competent administrative authority, pursuant to Section 80(1)(g) of Act No. 258/2000 Coll., on Public Health Protection and on the amendment of certain related acts, as amended, and Section 2(1) of Act No. 94/2021 Coll., on Extraordinary Measures during the COVID-19 Disease Epidemic and on the amendment of certain related acts, **orders** this Extraordinary Measure, proceeding pursuant to Section 69(1)(b) and (i) and (2) of Act No. 258/2000 Coll., and pursuant to Section 2(2)(b) through (e) and (i) of Act No. 94/2021 Coll., in order to protect the population against the further spread of the COVID-19 disease caused by the novel SARS-CoV-2 coronavirus:

I.

Effective from 12:00 a.m. on 22 November 2021 until the cancellation of this Extraordinary Measure:

1. pursuant to Section 2(2)(b), (c) and (i) of Act No. 94/2021 Coll. and Section 69(1)(i) of Act No. 258/2000 Coll., as concerns operations at retail shops selling goods and services and service facilities, with the exception of the activities set forth in point I/12 and vehicles of taxi services or other individual contractual passenger transportation, and the operation of libraries, the operator is ordered to comply with the following rules:
 - a) they will not allow the presence of more customers than 1 customer per 10 m² of sales area in an establishment; in the case of establishments with a sales area of less than 10 m², this restriction does not apply to a child under 15 years of age accompanying a customer or a person accompanying a customer who holds a medical disability pass; in the case of other establishments, this restriction does not apply to a child under 12 years of age accompanying a customer,
 - b) they will actively prevent customers from coming closer than 1.5 meters to each other, unless these are members of the same household,
 - c) the management of queues of waiting customers must be ensured, both inside and outside the store, particularly by marking the waiting area and placing symbols indicating the minimum distance between customers (a minimum distance of 1.5 m), whereas a customer who holds a medical disability pass has a priority right to shop;
 - d) disinfectants must be placed near frequently touched objects (especially handles, railings, shopping carts), so that they are available to employees and customers of the establishment and can be used for regular disinfection;
 - e) it must be ensured that customers are informed of the above-mentioned rules, primarily by means of information posters at the entrance and throughout the establishment, or by stating the rules through loudspeaker announcements in the establishment;
 - f) to ensure the maximum possible air circulation in the indoor premises with the fresh intake of outdoor air (natural ventilation, air conditioning or recirculation) without air recirculation; in the case of recuperation, to ensure that there is no contact between the outgoing and incoming air via the enthalpic humidity exchangers, whereas the sales area refers to the part of the business premises designated for the

sale and display of goods, i.e., the total area accessible to customers, including dressing rooms, the area taken up by tills and displays and the area behind the tills used by the sales staff; the sales area does not include offices, warehouses and preparation areas, workshops, stairs, changing rooms and other social facilities,

2. pursuant to Section 2(2)(c) of Act No. 94/2021 Coll., as concerns the operation of barber shops, hairdressers, pedicures, manicures, solariums, beauty, massage and similar regenerative or conditioning services and the operation of trades during which skin integrity is breached,
 - a) the operator is ordered, in addition to observing the conditions set forth in point I/1, to ensure a distance of at least 1.5 meters between the seats where customers are provided with services (e.g. barber and hairdresser's chairs),
 - b) the customer is prohibited from using the given service if they show clinical symptoms of COVID-19 or, with the exception of children under 12 years of age, do not meet the conditions stipulated in point I/17,
 - c) orders the operator, with respect to a customer who must meet the conditions pursuant to point I/17, to control the fulfilment of these conditions before commencing the provision of the service and the customer to demonstrate the fulfilment of the conditions pursuant to point I/17; if the customer does not demonstrate the fulfilment of the conditions pursuant to point I/17, the operator is prohibited from providing the service to such a customer,

3. pursuant to Section 69(1)(i) of Act No. 258/2000 Coll. and Section 2(2)(i) of Act No. 94/2021 Coll., as concerns the operation of catering establishments, music, dance, gaming and similar social clubs and discotheques, gambling rooms and casinos
 - a) the operators of the said establishments are ordered to observe the following rules:
 - i) all customers must be seated so that there is a distance of at least 1.5 meters between them, except for customers sitting at one table,
 - ii) there may be a maximum of 6 persons seated at one table, except for members of the same household; if the table accommodates 10 or more seats, more persons may be seated at it, so that there is a distance of at least 1.5 meters between groups of at most 6 customers, except for members of the same household,
 - iii) the operator will not allow more persons into the premises of the establishment than there are seats for persons,
 - iv) the operator will actively prevent the gathering of people in the outdoor and indoor premises less than 1.5 meters away from each other, including in the waiting area of the establishment,
 - v) hand disinfectant must be available to customers when entering the indoor and outdoor premises of the establishment, and the operator will ensure the disinfection of table surfaces and chair armrests after every customer and the regular disinfection of contact surfaces,
 - vi) in the case of live music production, the distance between customers and the place designated for the performers must be at least 2 m,
 - vii) the operator shall ensure maximum possible air circulation indoors with freshly drawn outside air (natural ventilation, air conditioning or heat recovery) without air recirculation; in the case of recuperation, ensure that there is no contact between the outgoing and incoming air via enthalpic moisture exchangers,
 - viii) the operator will ensure the informing of customers about the conditions and rules of entry pursuant to letter b) at the entrance to the establishment,
 - b) the customer is prohibited from entering the indoor and outdoor premises of the establishment if they show clinical symptoms of COVID-19 or if, with the exception of children under the age of 12, they do not meet the conditions stipulated in point I/17; the operators of the given premises are ordered to control the fulfilment of the conditions by the persons required to fulfil the conditions stipulated in point I/17 upon their entry to the premises, or if control upon entry is not permitted by the operator's operating conditions, then at latest before providing the service; the person is ordered to demonstrate the fulfilment of the conditions pursuant to point I/17 to the operator; if the person does not

demonstrate the fulfillment of the conditions pursuant to point I/17 upon entry, the operator is prohibited from allowing such a person to access the premises; if the control is carried out before performing the service, the operator is prohibited from providing the service to such a person; these conditions do not apply to catering establishments which do not serve the public, and to the sale of take-away meals, whereas the person is prohibited to consume such purchased food on the indoor and outdoor premises of the establishment,

4. pursuant to Section 2(2)(b) and (i) of Act No. 94/2021 Coll., conditions are stipulated for the operation of shopping centers with a sales area exceeding 5,000 m², in that:
 - a) the operator will ensure the visible posting of instructions to maintain a distance of 1.5 meters between persons in the publicly accessible areas of the shopping center (e.g., by means of infographics, commercials on the center's radio, infographics at the entrance to stores and other facilities, infographics on the floors of public areas, etc.),
 - b) the operator shall ensure maximum possible air circulation indoors with freshly drawn outside air (natural ventilation, air conditioning or heat recovery) without air recirculation; in the case of recuperation, ensure that there is no contact between the outgoing and incoming air via enthalpic moisture exchangers,
 - c) the customer is prohibited from consuming food on the premises designated for the consumption of food purchased on the spot (i.e. food court), unless, with the exception of children under 12 years of age, they are capable of proving that they meet the conditions stipulated in point I/17,
