## **EXTRAORDINARY MEASURE**

The Ministry of Health, as the competent administrative authority, pursuant to Section 80(1)(g) of Act No. 258/2000 Coll., on Public Health Protection and amendments to certain related acts, as amended, and Section 2(1) of Act No. 94/2021 Coll., on Extraordinary Measures during the COVID-19 Epidemic and on the amendment of certain related laws, **orders**, proceeding pursuant to

Section 69(1)(b)(i) and (2) of Act No. 258/2000 Coll., and pursuant to Section 2(2)(b) through (e) and (i) of Act No. 94/2021 on the protection of the population from the spread of COVID-19 disease caused by the novel coronavirus SARS-CoV-2, this extraordinary measure:

### **I.**

Effective from 12:00 a.m. on 11 May 2021, the extraordinary measure of 6 May 2021, Ref. No. MZDR 14601/2021-10/MIN/KAN, is amended in that:

1. Art. I/13 reads:

“13. in addition to the conditions stipulated under point I/12, these determine further conditions for the operation of barber shops, hairdressers, pedicures, manicures, solariums, beauty, massage and similar regenerative or conditioning services and the operation of trades during which skin integrity is breached, specifically:

- a) persons providing the services shall only provide such a service to a single customer at a time,
- b) between the individual locations where services are provided to customers (e.g., chairs of barber shops and beauty salons), there shall be a gap of at least 2 meters,
- c) when entering the establishment, the customer, except for children under 6 years of age must:
  - i) demonstrate that they meet all the conditions stipulated under point I/19, or
  - ii) present a confirmation from their employer demonstrating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by the general public at least in the preceding 72 hours, with a negative result, or
  - iii) they present their own statutory declaration or a statutory declaration of their legal representative stating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by the general public at least in the preceding 72 hours, that the result was negative, or
  - iv) take an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by the general public at least in the preceding 72 hours, with a negative result, or

the operator checks that the conditions have been met and participants that have not met the conditions stipulated in i) to iv) above shall not be allowed entry into the premises, i.e., if the customer's test result as per section iv) is positive, the customer shall immediately leave the premises,

- d) the operator shall keep records of the participants for the purpose of a potential epidemiological investigation by public health protection authorities, in the scope of identification of the customer (name, surname), their contact details (ideally telephone number), information about the time of service provision (from - to) and information about which employee provided the service to this customer; they shall store these records of a period of 30 days from the date of providing the service,

2. Art. I/15 reads:

"15. the operation of curative spa rehabilitation care service providers is restricted in that curative spa rehabilitation care can only be provided to a citizen of the Czech Republic, citizen of the European Union or holder of a valid long-term visa or long-term, temporary or permanent residence permit for the Czech Republic, issued by the Czech Republic, who does not have symptoms of COVID-19 disease and proves that:

- a) they have taken an RT-PCR test for the presence of SARS-CoV-2 virus with a negative result no more than 48 hours before the arrival date, and subsequently take a preventive antigen test for the presence of SARS-CoV-2 virus antigen or an RT-PCR test for the presence of SARS-CoV-2 virus minimally once every 7 days, or
- b) they have taken a POC test for the presence of the SARS-CoV-2 virus antigen with a negative result no more than 48 hours before the arrival date, and subsequently take a preventive antigen test for the presence of SARS-CoV-2 virus antigen or an RT-PCR test for the presence of SARS-CoV-2 virus minimally once every 7 days, or
- c) they have been issued a certificate by the Ministry of Health of the Czech Republic on vaccination against COVID-19, and at least 14 days have passed since the application of the second dose of a vaccine in the case of a two-dose scheme in accordance with the summary of product characteristics (hereinafter the "SPC") or at least 14 days have passed since the application of the first dose of a vaccine in the case of a single-dose scheme in accordance with the SPC, or
- d) they have undergone a laboratory-confirmed instance of COVID-19, where the period of isolation in accordance with a valid extraordinary measure of the Ministry of Health has ended, and no more than 90 days have passed since the first positive RT-PCR test for the presence of SARS-CoV-2 or POC antigen test for the presence of the SARS-CoV-2 antigen."

## II.

This extraordinary measure takes effect on the date of its issue.
