13/MIN/KAN

MZDRX01G37NY

## EXTRAORDINARY MEASURE

The Ministry of Health, as the competent administrative authority, pursuant to Section 80(1)(g) of Act No. 258/2000 Coll., on Public Health Protection and on the amendment of certain related acts, as amended, and Section 2(1) of Act No. 94/2021 Coll., on Extraordinary Measures during the COVID-19 Disease Epidemic and on the amendment of certain related acts, **orders** this Extraordinary Measure, proceeding pursuant to Section 69(1)(b) and (i) and (2) of Act No. 258/2000 Coll., and pursuant to Section 2(2)(b) through (e) and (i) of Act No. 94/2021 Coll., in order to protect the population against the further spread of the COVID-19 disease caused by the novel SARS-CoV-2 coronavirus:

### I.

Effective from 12:00 a.m. on 24 May 2021 until the cancellation of this extraordinary measure:

1. the operation of catering establishment facilities is restricted in that
  - a) the public presence at catering establishment facilities (e.g. restaurants, pubs and bars) is prohibited, with the exception of:
    - i) facilities which do not serve the public (e.g. employee dining facilities, dining facilities for healthcare service and social service providers, at prison facilities);
    - ii) school catering facilities for employees present on the workplace and children, pupils and students participating in in-person schooling;
    - iii) facilities at accommodation establishments under the condition that they only provide meals to accommodated persons, and only between 6:00 a.m. and 9:59 p.m.,
    - iv) the outdoor premises of establishments designated for seating (hereinafter "gardens"), exclusively between 6:00 a.m. and 9:59 p.m.; in this case, the use of toilets on the indoor premises of the establishment is permitted;does not affect the possibility of sales outside of the establishment providing catering services (e.g., fast food establishments with a service window or the sale of take-away food), whereas sales to customers at the location of the establishment (e.g., a service window) is prohibited between 10:00 p.m. and 5:59 a.m.,
  - b) the operators of catering establishment facilities, where the presence of the public on the establishment's premises is not prohibited under letter a), must adhere to the following rules:
    - i) customers are seated so that there is a distance of at least 1.5 meters between them, except for customers sitting at one table;
    - ii) there may be a maximum of 4 customers seated at one table, except for members of the same household; if the table is long, more customers may be seated at it, so that there is a distance of at least 1.5 meters between groups of at most 4 customers, except for members of the same household,
    - iii) the operator must not allow a greater number of customers into the indoor premises of the establishment than the number of seats available to customers in

- the indoor premises of the establishment; the operator is obliged to keep a written record of the current number of seats for customers;
- iv) the garden is organized so that seated customers in any part of the establishment are no closer than 1.5 meters from passers-by, unless the garden is separated from the surroundings by a solid barrier that prevents the spread of droplets from the respiratory passages,
  - v) the operator actively prevents the gathering of people less than 1.5 meters away from each other, including in the waiting area of the establishment,
  - vi) hand disinfectant must be available to customers when entering the indoor and outdoor premises of the catering facility, and the operator will ensure the disinfection of table surfaces and chair armrests after every customer,
  - vii) the operator must ensure that customers maintain the mandatory distance of at least 1.5 m from other customers while moving about the indoor premises of the establishment,
  - viii) in the case of an establishment specified in letter (a)(iii), the operator must not allow a self-service buffet,
  - ix) prohibition of live music and dance productions;
- c) a customer, with the exception of a child under 6 years of age, is authorised to access the garden if they are able on the spot:
- i) to demonstrate that they meet all the conditions stipulated under point I/18, or
  - ii) to present a confirmation from their employer demonstrating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, with a negative result, or
  - iii) present their own statutory declaration or a statutory declaration of their legal representative stating that they took an antigen test to determine the presence of the SARS-CoV-2 virus antigen, intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, and that the result was negative, or
  - iv) demonstrate that they have taken an antigen test to determine the presence of the SARS-CoV-2 virus antigen, intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, on the spot with a negative result,
2. restricts the presence of audiences at concerts and other musical, theatre, film and other artistic performance, including circuses and variety shows and sports matches, in that the maximum permitted number of attending viewers must not exceed 50% of the total seating capacity, and the total number of persons present must not exceed 1000 persons if the event is held on outdoor premises, or 500 persons if the event is held in indoor premises, whereas
- a) all the persons present must prove that they meet the conditions stipulated in point I/18, and must use protection of the airways (nose, mouth) throughout the event, that being a respirator or similar equipment (without an exhalation valve) that meets minimally all the technical conditions and requirements (for the product), including a filtration efficacy of at least 94% pursuant to the application standards, with the exceptions for this type of equipment stipulated by the extraordinary measure of the Ministry of Health, which regulates the obligation to use protection of the airways; protection of the airways may be put aside by the performers or athletes only at the place of the performance or sports activity and only while giving the performance or engaging in sports,
  - b) all the spectators must be seated, in that with the exception of members of the same household, at least one seat will be left empty between individual spectators, whereas the distance between the spectators and the stage or sports ground must be at least 2 m,
  - c) the consumption of food and beverages in the auditorium is prohibited, unless the Ministry of Health stipulates otherwise pursuant to point I/15(d),
3. restricts congresses, educational events and in-person examinations, in that the maximum number of persons present must not exceed 50% of the total seating capacity

and the total number of persons present (including the speakers, organizers, examiners, etc.) must not be more than 50 persons if the event is held indoors, or 100 persons if the event is held exclusively outdoors, whereas

- a) all the persons attending must prove that they fulfil the conditions stipulated in point I/18 and use protection of the airways (nose, mouth) throughout the event, that being a respirator or similar equipment (without an exhalation valve) that meets minimally all the technical conditions and requirements (for the product), including a filtration efficacy of at least 94% pursuant to the application standards, with the exceptions for this type of equipment stipulated by the extraordinary measure of the Ministry of Health, which regulates the obligation to use protection of the airways,
- b) all the persons present are seated, unless it concerns practical training or a practical examination, so that there is at least one empty seat between the individual participants, except for members of the same household,

4. The following is restricted:

- a) the operation of gambling halls and casinos, in that the public presence therein is prohibited,
- b) the operation and use of sports grounds on the indoor premises of buildings (e.g. gyms, fields, ice rinks, courts, rings, bowling alleys and pool halls, training equipment) and dance studios, gyms and fitness centers, in that the operator will not allow the presence of more than 1 visitor per 15 m<sup>2</sup> of indoor sports premises accessible to the public, more than 12 people in a group and more than 30 persons on the total indoor area of the sports facility accessible to the public, whereas all the persons present will prove that they meet the conditions stipulated in point I/18, except for children under 6 years of age; the public presence in other indoor premises, such as changing rooms, showers, etc. is prohibited; these conditions do not apply to:
  - i) physical activity at schools or school facilities and universities, where permitted by extraordinary measures,
  - ii) sports training by persons as a part of employment, the performance of business or other similar activities, as well as preparations for sports events held during competitions organized by sports associations and sports events which are not prohibited,
- c) operation and use of outdoor sports grounds, in that the public presence is prohibited on the indoor premises of outdoor sports grounds (changing rooms, showers, etc.), unless this concerns:
  - i) physical activity at schools or school facilities and universities, where permitted by extraordinary measures,
  - ii) sports training by persons as a part of employment, the performance of business or other similar activities, as well as preparations for sports events held during competitions organized by sports associations and sports events which are not prohibited,
- d) the operation and use of artificial swimming areas (swimming pools, bathing pools, pools for babies and toddlers, paddling pools) and wellness facilities, including saunas and salt caves, in that the public presence therein is prohibited if this does not involve the provision of healthcare services by a healthcare service provider;
- e) the operation of zoos and botanical gardens, in that at most 50% of the capacity of visitors may be used at one time, and group tours on indoor premises are prohibited, whereas the operator will not allow the presence of more than 1 person per 15 m<sup>2</sup> of indoor premises which are accessible to the public, and visitors are obliged to maintain a distance of at least 2 meters, unless they are members of the same household; the same restrictions shall apply to visitors of arboretums and other gardens or parks, the access to which is regulated,
- f) the operation of museums, galleries, exhibition grounds, castles, chateaux and similar historical or cultural facilities, observatories and planetariums, in that group visits are forbidden, and the operator shall not allow the attendance of more than 1 visitor per 15 m<sup>2</sup> of indoor space accessible to the public, and visitors are obliged to maintain a distance of at least 2 meters with the exception of members of the same household,

- g) the holding of trade fairs and sales exhibitions, in that group visits are forbidden, and the operator shall not allow the attendance of more than 1 visitor per 15 m<sup>2</sup> of indoor space accessible to the public, and visitors are obliged to maintain a distance of at least 2 meters with the exception of members of the same household,
- h) the operation of facilities or provision of services to persons aged 6 to 18 focused on activities similar to informal education pursuant to Section 2 of Decree No. 74/2005 Coll., such as particularly informal, pedagogic, recreational or educational activities, including preparation

for schooling, or the provision of similar services to children aged up to 6, including care for them, in that the public presence thereat is prohibited; this does not apply if it concerns the provision of a service at the household of the service's user,

i)

ii) the operation of facilities or provision of services on indoor or outdoor premises in the presence of at most 10 persons,

iii) the operation of facilities or provision of services with the presence of more persons than specified in point ii), but maximally with 50 persons in the group on indoor premises or 100 persons in the group on outdoor premises, under the condition that other indoor premises (changing rooms, showers, etc.) than those where the given service or activities is operated are not used, and that the persons use protection of the airways (nose, mouth) throughout, that being a respirator or similar equipment (without an exhalation valve) that meets minimally all the technical conditions and requirements (for the product), including a filtration efficacy of at least 94% pursuant to the applicable standards, with the exceptions for this type of equipment stipulated by the extraordinary measure of the Ministry of Health, which regulates the obligation to use protection of the airways, the entity operating the facility or organizing the provision of services keeps records of the participants for the purpose of a potential epidemiological investigation, in the scope of the identification of the participants and persons providing the service (name, surname), their contact details (ideally telephone number) and information about the time of providing the service (from - to); they shall store these records for a period of 30 days from the date of providing the service; before commencing the provision of services, the participant, with the exception of children under 6 years of age, must:

- 1) demonstrate that they meet all the conditions stipulated under point I/18, or
- 2) present a confirmation from their employer demonstrating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, that the result was negative, or
- 3) present their own statutory declaration or a statutory declaration of their legal representative stating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, that the result was negative, or
- 4) take an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, with a negative result, and

the entity organizing the provision of services checks that the conditions have been met and a participant that do not meet the conditions as per points 1) through 4) or a participant with a positive test result as per point 4) shall not be allowed to participate,

5. the provision of short-term or recreational accommodation services is restricted, in that accommodation services may be provided only to:

a) persons who do not have clinical symptoms of COVID-19 and prove that

i) they have taken an RT-PCR test to determine the presence of the SARS-CoV-2 virus or a POC test for the presence of the SARS-CoV-2 virus antigen with a negative result no more than 48 hours before the first day of accommodation; these persons may be accommodated for at most 7 days; to extend the stay they must again fulfil the foregoing condition or undergo a

- preventive antigen test to determine the presence of the SARS-CoV-2 virus antigen, intended for self-testing or certified under the Ministry of Health for use by non-professionals, with a negative result, or
- ii) they have been issued a certificate by the Ministry of Health of the Czech Republic on vaccination against COVID-19, and at least 14 days have passed since the application of the second dose of a vaccine in the case of a two-dose scheme in accordance with the summary of product characteristics (hereinafter the "SPC") or at least 14 days have passed since the application of the first dose of a vaccine in the case of a single-dose scheme in accordance with the SPC, or
  - iii) they have undergone a laboratory-confirmed instance of COVID-19, where the period of isolation in accordance with a valid extraordinary measure of the Ministry of Health has ended, and no more than 90 days have passed since the first positive RT-PCR test for the presence of SARS-CoV-2 or POC antigen test for the presence of the SARS-CoV-2 antigen.
- b) persons who were ordered to isolate or quarantine;
  - c) persons for the purpose of completing the provisioning of accommodation commencing before this extraordinary measure came into effect; if they have no other place of residence in the Czech Republic,
  - d) persons in need of housing, whose accommodation was arranged by the local government,
6. retail sales and the sales and provision of services in shops is restricted, in that it is prohibited from 10:00 p.m. to 5:59 a.m., whereas this prohibition does not apply to activities that are not trades in accordance with the Trades Licensing Act or to the operation:
- a) of petrol stations selling fuels and lubricants;
  - b) pharmacies;
  - c) shops in places with a high concentration of passengers at airports, railway stations and bus stations;
  - d) shops at healthcare facilities;
  - e) outlets for catering services to an extent in accordance with point I/1;
  - f) vehicles operated by taxi services or other individual contractual passenger transportation,
7. conditions are stipulated for sale at markets, marketplaces and mobile shops (sale from stands, mobile shops and sale from other mobile equipment), in that their operators must observe the following rules:
- a) to ensure a distance of at least 2 meters between stands, tables or other points of sale,
  - b) there must be no more than 1 person per 15 m<sup>2</sup> of the area of the market or marketplace at any one time;
  - c) to place containers with disinfectant products at every point of sale;
  - d) in the case of selling foods and beverages for direct consumption,
    - i) if there are tables and seats at the location, the operation will ensure that customers must be seated so that there is a distance of at least 1.5 meters between them, except for customers sitting at one table; a maximum of 4 customers may be seated at one table, except for members of the same household; if the table is long, more customers may be seated at it, so that there is a distance of at least 1,5 meters between groups of at most 4 customers, except members of the same household.
    - ii) the operator actively prevents the gathering of people less than 1.5 meters distant from each other, including in the waiting area of the establishment,
8. the consumption of foods and beverage in public outside the indoor and outdoor premises of catering establishments is restricted, in that the persons who consume food and beverages in the direct vicinity of the establishment, including mobile establishments pursuant to point 7, where they purchased the food, are obliged to maintain a distance of at least 2 meters from other persons, except members of the same household,

9. the operation of musical, dance, acting and similar social clubs and discotheques is restricted, in that the public presence at these venues is prohibited;
10. conditions are stipulated for the operations of shopping centers with a sales area exceeding 5,000 m<sup>2</sup>, in that:
  - a) The use of rest areas (chairs, lounges, benches, etc.) will be restricted so that people do not gather in these places,
  - b) the operator must ensure at least one person to supervise the observance of the following rules and encourage customers and other persons to observe them;
  - c) the following instructions for customers are communicated to customers and other persons primarily through information signs, posters, on displays, intercoms, etc.;
  - d) the operator will ensure the visible posting of instructions to maintain a distance of 2 meters between persons in the publicly accessible areas of the shopping Centre (e.g. by means of infographics, adverts on the center's radio, infographics at the entrance to stores and other facilities, infographics on the floors of public areas, etc.);
  - e) the gathering of persons will be restricted, particularly in areas where this can be expected, e.g. in the underground garages, areas in front of elevators, escalators, travellers, bathrooms, etc.;
  - f) the operation of children's corners is prohibited;
  - g) the operator will ensure maximum possible air circulation with the intake of outdoor air (ventilation or air-conditioning) without air recirculation in the building;
  - h) promotional activities where there is a person present to ensure their progress are prohibited in shops;
  - i) sales from catering service establishments located in a shopping Centre are only possible through a service hatch or as takeaway;
11. conditions are stipulated for operation at retail shops selling goods and services and service facilities, with the exception of the activities set forth in point 4(h) and vehicles of taxi services or other individual contractual passenger transportation, and for library operation, in that the operator complies with the following rules:
  - a) they will not allow the presence of more customers than 1 customer per 15 m<sup>2</sup> of sales area in an establishment; in the case of establishments with a sales area of less than 15 m<sup>2</sup>, this restriction does not apply to a child under 15 years of age accompanying a customer or a person accompanying a customer who holds a medical disability pass; in the case of other establishments, this restriction does not apply to a child under 6 years of age accompanying a customer,
  - b) they will actively prevent customers from coming closer than 2 meters to each other, unless these are members of the same household,
  - c) management of queues of waiting customers must be ensured, both inside and outside the store, particularly by marking the waiting area and placing symbols indicating the minimum distance between customers (minimum distance of 2 m), whereas a customer who holds a medical disability pass has a priority right to shop;
  - d) disinfectants must be placed near frequently touched objects (especially handles, railings, shopping carts), so that they are available to employees and customers of the establishment and can be used for regular disinfection;
  - e) it must be ensured that customers are informed of the above-mentioned rules, primarily by means of information posters at the entrance and throughout the establishment, or by stating the rules through loudspeaker announcements in the establishment;
  - f) ensuring the maximum possible air circulation with the intake of outdoor air (ventilation or air-conditioning) without air recirculation in the building,
  - g) promotional activities where there is a person present to ensure their progress are prohibited in shops;
  - h) in the case of a person pushing a pram with a child, the operator must not oblige them to use a shopping trolley to shop, and the child in the pram is not included in the total number of persons permitted to be in the sales area;

whereas the sales area refers to the part of the business premises designated for the

sale and display of goods, i.e., the total area accessible to customers, including dressing rooms, the area taken up by tills and displays and the area behind the tills used by the sales staff; the sales area does not include offices, warehouses and preparation areas, workshops, stairs, changing rooms and other social facilities,

12. in addition to the conditions stipulated under point I/11, these determine further conditions for the operation of barber shops, hairdressers, pedicures, manicures, solariums, beauty, massage and similar regenerative or conditioning services and the operation of trades during which skin integrity is breached, specifically:
  - a) persons providing the services shall only provide such a service to a single customer at a time,
  - b) between the individual locations where services are provided to customers (e.g., chairs of barber shops and beauty salons), there shall be a gap of at least 2 meters,
  - c) when entering the establishment, the customer, except for children under 6 years of age must:
    - i) demonstrate that they meet all the conditions stipulated under point I/18, or
    - ii) present a confirmation from their employer demonstrating that they took an antigen test for SARS-CoV-2 intended for self-testing  
or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, that the result was negative, or
    - iii) they present a statutory declaration or a statutory declaration of their legal representative stating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, that the result was negative, or
    - iv) take an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, with a negative result, orthe operator checks that the conditions have been met and customers that have not met the conditions stipulated in i) to iv) above shall not be allowed entry into the premises, i.e., if the customer's test result as per section iv) is positive, the customer shall immediately leave the premises,
  - d) the operator shall keep records of the participants for the purpose of a potential epidemiological investigation by public health protection authorities, in the scope of identification of the customer (name, surname), their contact details (ideally telephone number), information about the time of providing the service (from - to) and information about which employee provided the service to this customer; they shall store these records of a period of 30 days from the date of providing the service,
13. conditions are stipulated for the activity pursuant to Act No. 247/2000 Coll., on the Acquiring and Improvement of Professional Qualifications to Drive Motor Vehicles and on the amendment of certain laws, as amended, in that a driving school operator will ensure the fulfillment of anti-epidemic measures consisting of the disinfection of contact surfaces in the vehicle using disinfectant with a virucidal effect after every driving lesson,
14. the operation of curative spa rehabilitation care service providers is restricted in that curative spa rehabilitation care can only be provided to a citizen of the Czech Republic, citizen of the European Union or holder of a valid long-term visa or long-term, temporary or permanent residence permit for the Czech Republic, issued by the Czech Republic, who does not have symptoms of COVID-19 disease and proves that:
  - a) they have taken an RT-PCR test for the presence of the SARS-CoV-2 virus or a POC test for the presence of the SARS-CoV-2 virus antigen with a negative result no more than 48 hours before the arrival date, and subsequently take a preventive antigen test for the presence of the SARS-CoV-2 virus antigen or an RT-PCR test for the presence of the SARS-CoV-2 virus minimally once every 7 days, or
  - b) they have been issued a certificate by the Ministry of Health of the Czech Republic on vaccination against COVID-19, and at least 14 days have passed since the

application of the second dose of a vaccine in the case of a two-dose scheme in accordance with the SPC, or at least 14 days have passed since the application of the first dose of a vaccine in the case of a single-dose scheme in accordance with the SPC, or

- c) they have undergone a laboratory-confirmed instance of COVID-19, where the period of isolation in accordance with a valid extraordinary measure of the Ministry of Health has ended, and no more than 90 days have passed since the first positive RT-PCR test for the presence of the SARS-CoV-2 or POC antigen test for the presence of the SARS-CoV-2 antigen.

15. social, sports, dance, traditional and other similar events and other gatherings, festivals, fairs, exhibitions, tastings, celebrations and other public or private events, during which people are gathered in one place, so that there may be maximally 10 persons present at one time, or maximally 50 persons upon fulfilment of the following conditions, if the event is held indoors, or 100 persons if the event is held exclusively outdoors; the persons attending the event attended by more than 10 persons must prove that they meet the conditions stipulated in point I/18, and must use protection of the airways stipulated otherwise, protection of the airways (nose, mouth), that being a respirator or similar equipment (without an exhalation valve) that meets minimally all the technical conditions and requirements (for the product), including a filtration efficacy of at least 94% pursuant to the applicable standards, with the exceptions for this type of equipment stipulated by the extraordinary measure of the Ministry of Health, which regulates the obligation to use protection of the airways; these conditions do not apply to:

- a) attendance at weddings, declarations of entry into registered partnerships, funerals, if they are attended by no more than 30 persons,
- b) meetings, congresses and similar events of constitutional bodies, public authorities, courts and other public entities, which are held on the basis of the law;
- c) gatherings pursuant to Act No. 84/1990 Coll., on the right to gather, as amended;
- d) mass events for which the Ministry of Health stipulated the binding hygienic-epidemiological conditions for mass events otherwise prohibited pursuant to this crisis measure, upon the observance of which they may be held for reasons worthy of consideration, in particular if these are events in the important interest of the state, important cultural events or important sporting matches or competitions,
- e) sports training of amateur athletes under the age of 18, organised sports clubs, which may be organised in indoor premises under the conditions pursuant to point 4(b) and outside the indoor premises at designated sports facilities, provided that there is at least 15 m<sup>2</sup> per athlete and the groups do not exceed 30 people and that interior premises of the facility are not used (changing rooms, showers, etc.); the entity organising the sports competition in the case of sports competitions is required to keep records of people participating in the sports training for the purposes of potential epidemiological investigation by public health protection authorities, in the scope of the participant's identification (name, surname) and contact details (ideally telephone number), and to store these records for a period of 30 days from the date of the sports competition; before starting the sports training held outside of indoor premises, the participant, with the exception of children under 6 years of age, shall:
  - i) demonstrate that they meet all the conditions stipulated under point I/18, or
  - ii) present a confirmation from their employer demonstrating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, with a negative result, or
  - iii) they present a statutory declaration or a statutory declaration of their legal representative stating that they took an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72 hours, that the result was negative, or
  - iv) take an antigen test for SARS-CoV-2 intended for self-testing or certified under the Ministry of Health for use by non-professionals at least in the preceding 72

hours, with a negative result, and the subject organizing the sports preparation checks that the conditions have been met and participants that do not meet the conditions as per sections i) to iv) or participant with a positive test result as per section iv) shall not be allowed to participate in the sports preparation,

- f) organized leisure activities for persons under 18 years of age, under the conditions set forth in point 4(h),

16. the following conditions are stipulated for exercising the right to peaceful assembly pursuant to Act No. 84/1990 Coll., on the Right to Assemble, as amended, in that:

- a) each participant is obliged to have respiratory protective equipment (covering the nose and mouth) preventing the spread of droplets, in accordance with the extraordinary measure of the Ministry of Health regulating the use of respiratory protective equipment,
- b) if the assembly is held outside the indoor premises of buildings, the participants may assemble in groups of maximally 20 and maintain a distance of at least 2 meters between the groups of participants,
- c) if the assembly is held on the indoor premises of buildings, the participants must maintain a distance of at least 2 meters between each other (except members of the same household) and disinfect their hands before entering the indoor premises,

17. the following conditions are stipulated for the holding of elections of bodies of legal entities and meetings of the bodies of legal entities, except for the bodies of local governments, if they are attended by more than 10 persons in one place:

- a) the participants are seated so that there is at least one empty seat between the individual participants, except for members of the same household,
- b) when entering the indoor premises, the participant will prove that they meet the conditions stipulated in point 1/18, and the operator will check the fulfillment of conditions and will not allow participants who do not meet the conditions to access the indoor premises,

18. stipulates the following conditions for the access of persons to certain indoor premises and for attending public events, if required by this extraordinary measure:

- a) the person has taken an RT-PCR test for the presence of the SARS-CoV-2 virus antigen with a negative result no more than 7 days ago, or
- b) the person has taken a POC test for the presence of the SARS-CoV-2 virus antigen with a negative result no more than 72 hours ago, or
- c) the person has been issued a certificate by the Ministry of Health of the Czech Republic on vaccination against COVID-19, and at least 14 days have passed since the application of the second dose of a vaccine in the case of a two-dose scheme in accordance with the SPC, or at least 14 days have passed since the application of the first dose of a vaccine in the case of a single-dose scheme in accordance with the SPC, or
- d) the person has undergone a laboratory-confirmed instance of COVID-19, where the period of isolation in accordance with a valid extraordinary measure of the Ministry of Health has ended, and no more than 90 days have passed since the first positive RT-PCR test for the presence of SARS-CoV-2 or POC antigen test for the presence of the SARS-CoV-2 antigen,

whereas the person must not show any clinical symptoms of COVID-19.

## II.

Effective from 12:00 a.m. on 24 May 2021, the extraordinary measure of 14 May 2021 Ref. No. MZDR 14601/2021-12/MIN/KAN is repealed.

## III.

This extraordinary measure takes effect on the date of its issue.

**Prof. MUDr. Petr Arenberger, DrSc., MBA,  
undersigned**

**Minister of Health**
