Ref. No.: MZDR 1595/2021-3/MIN/KAN

MZDRX01G9JHA

EXTRAORDINARY MEASURE

The Ministry of Health, as the competent administrative authority pursuant to Section 80(1)(g) of Act No. 258/2000 Coll., on Public Health Protection and on the amendment of certain related acts, as amended (hereinafter referred to as “Act No. 258/2000 Coll.”), orders this Extraordinary Measure, proceeding pursuant to Section 69(1)(i) and (2) of Act No. 258/2000 Coll., to protect the population and prevent the occurrence and spread of COVID-19 caused by the novel SARS-CoV-2 coronavirus:

I.

Effective as of 1 June 2021, the extraordinary measure of 13 January 2021 Ref. No. 1595/2021-1/MIN/KAN, as amended by the extraordinary measures of 22 February 2021, Ref. No. MZDR 1595/2021-2/MIN/KAN, is amended as follows:

Article V will read:

“V.

Effective as of 1 June 2021, all providers who performed vaccination of the first dose of vaccination against COVID-19 in the case of a two-dose scheme are ordered to provide information to the vaccinated person of the possibility of collecting an electronic version of the vaccination certificate on the web portal <https://ocko.uzis.cz>. Effective as of 1 June 2021, all providers who have completed vaccination against COVID-19 pursuant to the respective vaccination scheme are ordered, subject to request by the vaccinated person, immediately upon the completion of vaccination, to issue in the environment of the Information System of Infectious Diseases (ISIN), COVID-19 Patient module, a certificate of completion of vaccination, attach to it the issuer’s signature and the provider’s stamp and hand it over to the person whose vaccination was completed.”.

II.

This Extraordinary Measure comes into force on the date it is issued and expires on the date it is repealed.

Rationale:

At the current time, a certificate from ISIN is already sent electronically to vaccinated persons to the e-mail addresses which they stated in the registration for vaccination (if they did so). A vaccinated person can also use the vaccination portal ocko.uzis.cz, where it is possible to display a certificate of vaccination, check and update the data stated therein, download and print it.

In view of the fact that certain measures now relate already to administration of the first dose of the vaccine even in the case of a two-dose vaccination scheme, it is now ordered that the vaccinated person be informed of the possibility of obtaining an electronic version of the vaccination certificate at the web portal <https://ocko.uzis.cz>.

Mgr. et Mgr. Adam Vojtěch, MHA, undersigned
Minister of Health
