The background of the slide is a blue-tinted photograph of an airplane on a runway. The airplane is positioned in the lower half of the frame, with its tail and wings visible. The runway and surrounding landscape are also visible, though slightly out of focus. The overall color scheme is a solid blue overlay.

# England NHS COVID Pass Products

NHS App, NHS.UK and Letter

## Product Proposition

- The UK government committed to the reopening of safe, secure international travel, from 17 May.
- NHSX have launched both digital and non-digital certification solutions to allow English individuals to show their NHS COVID Pass for the purposes of international travel.
- From 25 June, Welsh residents are able to use the the web based solution offered by NHS COVID Pass to access a PDF version of their COVID status.
- Residents of Scotland and Northern Ireland have been using their own non-digital letter request solutions. Northern Ireland launched their COVIDCert NI App on 23 July. Scotland is aiming to launch a digital solution in September.
- By mid August, residents in all four nations of the UK will be able to request a vaccination letter with a common format showing each nations' health service logos (there will be minor differences in some of the text in the letters).
- The England and Wales products show vaccination and immunity status.

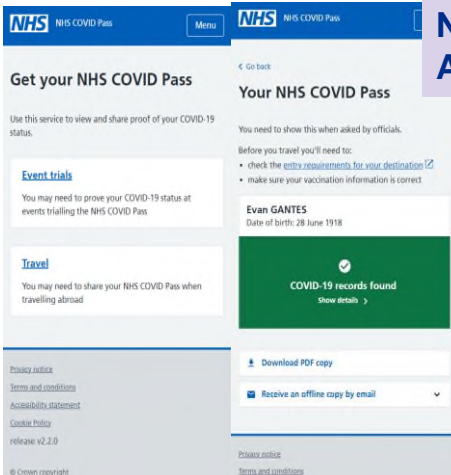

## Digital Product Features - England and Wales

- Detailed vaccination records and recovery certificates inline with the World Health Organisation (WHO) and EU specifications for digital COVID-19 certification.
- A 2D barcode, with scope to increase functionality as international standards develop.
- Secure P9 login (NHS Login) requiring identity verification, to minimise fraud-risks.
